Through the thoughtful generosity of our members, we are able to provide a community grounded in life-giving worship, a deepening relationship with God, care for the sick and grieving, and service in our city and world. We ask each household at St. George's to give thoughtfully of their time, talent and treasure, and we provide either a Pre-authorized offering option or numbered envelopes which allow you to give faithfully through the year. No matter how you give, you receive a charitable receipt at the end of the year.

I will complete a pre-authorized payment form

I would like envelopes

Video and Pictures at St. George's We routinely video the sermon in our worship service and then make it available on-line following the service. We also like to occasionally share pictures from our St. George's events on our Facebook page and website.

I authorize St. George's to include my picture in on-line and printed communications which seek to build up this faith community.

I similarly authorize St. George's to include pictures of my children (or the children who are in my care) in on-line and printed communications.
