NEW ANNOUNCEMENTS

Anglicanism 101 – January 27th to February 17th, 7pm

All of your questions answered about the weird and wonderful traditions and history of the Anglican church!

The Crown, a Queen, and the Living History of the Church-

Anglicanism 101, January 27th- Topic 2

The oldest church with the youngest ideas. It's our St. George's tagline, but it also fits as a description of the Anglican church. We'll take a tour through Celtic Christianity, Augustine and the Reformation to learn how Anglicanism came to be defined by both the longest standing Christian traditions, as well as a commitment to the truth that God is always doing a new thing in our church.

Bad Girls of the Bible – February 24th – March 31st, 7pm

Prophets, teachers, evangelists, disciples, apostles, and leaders.

Join us in a deep dive into the courageous and wise leadership of women in our life of faith.

ADVENT CAFÉ'S 10TH YEAR ANNIVERSARY! JANUARY 28TH, 7PM

Join us on January 28th at 7pm in the Bear's Den for an incredible celebration of music, memories and cake! Advent Cafe began in the Asbil Lounge in Advent of 2015.

Since then, we have explored all kinds of music, heard many voices, and been blessed by the musical offerings of so many different leaders.

At every step, we have explored the ways in which music of all kinds helps us to talk about hard things and to draw closer to the love and mystery of God.

Coffee Hour Fellowship

For so many of our church family, the Sunday morning Coffee Hour is an important part of our church life — a time to meet and connect and build friendship. We're currently extremely short on teams that organize, set up and clean up for these coffee hours. Many hands make lighter labour, and those who help to provide this ministry generally find it to be meaningful and enjoyable. If you can help out, please contact Linda in our office: 905-682-9232, stgeorgesanglican.telega@gmail.com

Welcome Video - Live on the Website and Social Media

Creation / Extinction

February 7, 2026 | 7:30 PM
FirstOntario Performing Arts Centre

This program pairs Haydn's glorious oratorio *The Creation*, celebrating the beauty and wonder of the natural world, with excerpts from Christopher Tin's *The Lost Birds*, a poignant reflection on environmental loss and humanity's role as caretakers of the Earth. Through choral music and projected imagery drawn from diverse cultures and traditions, this concert invites audiences to reflect on our shared responsibility to care for the earth and the legacy we leave for future generations.
